Notes

Date	Note Type	Note	Provider Name and Address	OrganizationDetails	Recorded Time
06/23/2025	text/html	Lois was seen today in her home at Shelbyville Hometown Manor for a routine follow up appointment. Staff reports that she is not doing well. They report that she was seen by psych last week on 6/17 and was started on Sertraline 100 mg daily in the morning on 6/18 and since starting this she has been unable to walk, cannot function appropriately, not eating, not sleeping, increased confusion. She was not on any sertraline previously. They did reach out to the psych NP and they report that she told her "it's not related to the new medication and she probably just has a UTI". Urine dipstick during visit is negative for leukocytes or protein.	LAUREN KY - CASEY, Alford's APRN	Care2U LLC	06/23/2025 10:46:36
